bring out your best
by:we the kings
binabati q pala c cyrus ng IV caballero!

VERSE/E B C# A

And I ll take you home and show you love
Under the sheets well make this night seem like it s way too short
Your hair rest gently on your chest
And girl I m such a mess for falling into this

REFRAIN/E B C# A bagsak bagsak lng!

I ll pace myself for you
Cause that s all I can do

CHORUS/E B C# A

Make sure you know to bring out your best
Well make this last until the night is done
Well listen to the sounds of our hearts beating fast
We dove head first, just look at what weve done
We were right to be so wrong, this time

VERSE 2/E B C# A

And I ll lead you up the stairs
Your knees get weaker with a step
You take in to the room
Your cheeks blushed redder then your lips
I feel your breath rush on my neck
You lock the door behind my back

REFRAIN/E B C# A bagsak bagsak lng!

I ll pace myself for you
Cause that s all I can do

CHORUS/E B C# A

Make sure you know to bring out your best
Well make this last until the night is done
Well listen to the sounds of our hearts beating fast
We dove head first, just look at what weve done
We were right to be so wrong, this time

E B C# A

Uh uh, lalala, uh uh
Uh uh, lalala, uh uh

CHORUS/E B C# A

Make sure you know to bring out your best
Well make this last until the night is done
Well listen to the sounds of our hearts beating fast
We dove head first, just look at what weve done
We were right to be so wrong, this time
