Capo 7

[Intro]

**Am D G**

[Verse 1]

**Am D G G/F# Em**  
I knew a girl in shades of blue, Who broke my heart and said "We're  
through".

**Am D G G/F# Em**  
Waiting for a girl like you, to change me like the weather

**Am D G G/F# Em**  
Since she left me high and dry, split me like a Gemini

**Am D G G/F# Em**  
All those days are passing by, like flowers in December

[Chorus]

**Am D G**  
Friday is forever, we belong together, so come on, come on,  
**Em Am D**  
And don't you say never, if you go then I know, there is no tomorrow

**G Em**  
So come on, come on, you should know better

**Am D G/F# G G/F# Em**  
It's right, it's time for you and I

**Am D G**  
Friday is forever, we should be together tonight

[Verse 2]

**Am D G G/F# Em**  
No more living in her head, no more crashing in my bed

**Am D G G/F# Em**  
I'd rather go with you instead, don't care where we end up

**Am D G G/F# Em**  
Hold your body close to mine, blame it on the blood red wine

**Am D G G/F# Em**

It takes a week to finally find if Friday is forever

[Chorus]

**Am** **D** **G**  
Friday is forever, we belong together, so come on, come on,  
**Em** **Am** **D**  
And donâ€™t you say never, if you go then I know, there is no tomorrow  
**G** **Em**  
So come on, come on, you should know better  
**Am D** **G/F#** **G** **G/F# Em**
