

That Feeling
We the Kings

Intro: **F C Am G**

Verse 1:

F **C**
The morning light opened my eyes, I feel the storm from a crazy night
Am **G**
Can't find my keys, I feel so lost

F **C**
So show me what I've been looking for, I've done everything, opened every door
Am **G**
Then what I thought I'd never find was staring in my eyes

Pre-Chorus 1:

Am **C**
I'm like oh my god is this for real? All the feelings I feel
G **F**
My heart she surely will steal, and this is so surreal
Am **C**
So I dive in like head first, I'll take your best and your worst
G
To feel my heartbeat burst

Chorus:

F **C** **Am** **G**
When I'm with you I feel like I could be dreaming so kiss me goodnight
F **C** **Am** **G**
When I'm with you I feel like I could be floating so come get me high
F **C** **Am** **G**
Even when there's nothing left to lose, I always escape to you
F **C** **Am** **G**
You've got the thing I was missing when I'm with you
F **C** **Am** **G**
I always get that feeling feeling feeling, always get that feeling feeling
