**A#m** G#maj F#maj **G#sus4**

**A#m** G#maj  
The hunter s the hunted

F#maj

I m terrified

G#sus4 (Let this ring out)

I m open wide

G#maj

F#maj

The distance is spanned between you and I

**G#sus4**

Can I see you tonight?

G#maj

F#maj

When the pen in our hands and our best laid plans

**G#sus4**

Will stand alone on our side

I wanted to have this under control

The story told

You came and rewrote it opened the door I ve never known

You say that you hold them, the sands of time

You never lie

They pull like a current

I call to shore

There s no reply

The distance is spanned between you and I

Can I see you tonight?

When the pen in our hands and our best laid plans

Will stand alone on our side

And I never wanted anything like this before

The distance is spanned between you and I

Can I see you tonight?

When the pen in our hands and our best laid plans

Will stand alone on our side

The bridges that stand between you and I

Come over tonight

When the pen in our hands and our best laid plans

Will stand alone on our side

Of mice and men on our side
