

Heavens Not Too Far Away  
We Three (US, Oregon)

[Verse 1]

**Em** **G**  
Honey I thought you should know  
**C**  
that I m in a hurry  
**Em** **G**  
I ve gotta move up north,  
**C**  
but it s just temporary  
**Em** **G**  
i really tried not to lie,  
**C**  
but this burden s getting heavy  
**Em** **G**  
No you can t come with me this time,  
**C** **D**  
you got your own destiny yeah

[Pre-Chorus]

**Em** **G**  
When I look at you,  
**C**  
I see your beauty  
**Em** **G**  
Now my baby boy  
**C**  
is gonna lose me

[Chorus]

**C** **G**  
But heaven s not too far away  
**D**  
I know someday you ll visit  
**C** **G**  
And I didn t think it d go this way  
**D**  
Can I please have one more minute

[Verse 2]

**Em** **G**  
No honey I don t wanna go  
**C**  
just know that I have to  
**Em** **G**  
Look how the cancer has grown  
**C**  
I think it s time I go home

**Em** **G**  
Yes i can still hear you voice

**C**  
sounds just like it did

**Em** **G**  
And i can still feel your hand

**C**  
when it touches my skin

[Chorus]

**C** **G**  
But heaven s not too far away

**D**  
I know someday you ll visit

**C** **G**  
And I didn t think it d go this way

**D**  
Can I please have one more minute

**C** **G**  
I- gave you life

**D** **Em D C**  
Now you gotta watch it leave my eyes

**C** **G**  
But heaven s not too far away

**D**  
I know someday you ll visit

[Bridge]

**Em** **C**  
As death rattles my cage

**G** **D**  
I can hear their voices fading

**Em** **C**  
Each breath getting harder

**G** **D**  
I can hear the tears coming from my daughter

**Em** **C**  
And to her older brother

**G** **D**  
He s thinking back when he was younger

**Em** **C**  
we had a healthy mother

**G** **D**  
who asked him to take care of his little brother

**Em** **C**  
he s not really sure about life

**G** **D**  
or that how could any others be right

**Em** **C**  
But I know my babies they will be fine

**G** **D**  
Cause they can talk to me anytime

[Chorus 2]

**C** **G**  
Cause heaven s not too far away  
**D**  
I know someday you ll visit  
**C** **G**  
And I didn t think it d go this way  
**D**  
Can I please have one more minute  
**C** **G**  
I- gave you life  
**D** **Em D**  
Now you gotta watch it leave my eyes  
**C** **G**  
But heaven s not too far away  
**D**  
I know someday you ll visit

[Outro]

**Em** **G**  
Honey I thought you should know  
**C**  
that I m in a hurry  
**Em** **G**  
I ve gotta move up north,  
**C**  
but it s just temporary.
