[Verse]

Bm
I can t let go and dare to dream
G E G
Like pretty people with poison pens
Bm
When brittle ones are so torn apart
G E
By broken books and the crooked cross
Bm
Gazing out on this world in flames
G
Sometimes I don t know what to say
Bm
The pain is precious, yeah, it may be
G
I lick my wounds to remind me
Bm
Sooner or later every flame burns out
G
Without the fuel siphoned from our hearts
Bm
And i have faith in my disbelief
G
And the turbulence that it breeds
Bm
If we let our world go up in flames
G
The truth never mattered anyway
Bm
The pain is precious, don t you see
G
I lick my wounds to remind me
