Pot Luck by Ween

Pot Luck is a demo from the Caesar Demos, a collection of demos from Ween's album Quebec. The Caesar Demos were released in 2011 to the public for free. Get it where you can, it's real good.

Anyway, to the chords. I attempted to play it by ear, and it sounds relatively right. However, any inconsistencies you may find, please let me know.

C#	G#	Fm	Eb
Potluck,	let me run around like you know I do		
C#	G#	Fm	Bb7 or Eb7 (not real sure)
Potluck,	found a girl I'll love my whole life through		
C#	G#	Fm	Eb
Potluck,	the sweetest smile beats me with the day		
C#	G#	Fm	Bb7 or Eb7
Potluck,	tied in my arms I'll hope you'll stay		
C#	G#	Fm	Eb
Cause I know with all my heart I wouldn't make it alone			
C#	G#	Fm	Bb7 or Eb7
I've been there so many times with you I feel at home			

(Continue with this pattern)

Potluck, make me laugh and tears are running out my eyes
Potluck, we'll ride down the path under sunny skies
Potluck, not much more I think I need to say
Potluck, hope we stay together til our dying day

Cause I know with all my heart I wouldn't make it alone
I've been there so many times with you I feel at home
