```
Ufo Rosie
Weeping Tile
Capo 3rd fret
[Intro]
[Verse 1]
       Em
A white buffalo you say
              Em
And paper to roll with the prophecy way
                 Em
When the snakes criss-cross like roads over land
       Em
Get an aerial view of arable land
[Chorus 1]
They saw a UFO in the valley
There s an alien in the street
We slept in the trailer
In January s heat
A neighbour named Rosie
Pockets full supposedly
[Verse 2]
        Em
He was awakened from the sleep
               Em
And it stayed warm under the sheet
Bathed in twenty full minutes of afterglow
Touched down in the snap and the crackle of snow
[Chorus 2]
They saw a UFO in the valley
```

```
D
There s an alien in the street
We slept in the trailer
In January s heat
A neighbour named Rosie
Pockets full supposedly
[Bridge]
 And you looked high
                         Em
 And you looked stunned
So why aren t I?
Why aren t I one?
[Chorus 3]
```

There s an alien in the street

We slept in the trailer

In January s heat

A neighbour named Rosie
