I Don't Want Let You Go
Weezer

```
G
All the times you came to me and told me that you cared
Em
I was dreaming of happy days that we both could share
C
Maybe I got too excited and maybe you freaked out
D
Maybe I just have to call you up and scream and shout

G
All my friends tell me that I ought to play it cool
Em
No one likes too much attention from a desperate fool
C
Still I don t believe that I could keep it all inside
D
When I see your pretty face I almost want to cry

G                     Em                        C
I know it isn t right, but still I have to fight
                   D                        G
I have to let you know, I don t want to let you go
                      Em                   C
The pain is killing me, but I can t let it be
                   D                        G
I have to let you know, I don t want to let you go

( G Em C D )

G
I remember the days when I was stronger than a wall
Em
Try as anybody might, they couldn t move me at all
C
Now I fall to pieces when you softly call my name
D
Going up in smoke like a moth within your flame

G
I have lost all hope for being normal once again
Em
I will be a slave to you until the bitter end
C
Even if it s a hundred years before you change your mind
D
I will be here waiting girl until the end of time

G                        Em                          C

                      D                           G
I have to let you know, I don t want to let you go
                        Em                      C
The pain is killing me, but I can t let it be
                    D                             G
I have to let you know, I don t want to let you go
