Keep Fishin
Weezer

(intro 2x) **C# F#**

       C#   **F#**
You never be, a better kind,
            C#   **F#**
If you don t leave, the world behind
      Ebm   **G#**
Waste my days(Waste my days)
      Ebm   **G#**
drown aways(drown aways)
         C#   **Bbm**
It s just the thought of you
   F#   **Ebm**   **G#**
In love with some-one else
       C#   **Bbm**
It breaks my heart to see you
F#   **Ebm**   **G#**
hangin from your shelf
      C#   **F#**
You never do, the things you want,
         C#   **F#**
If you don t move and get a job
      Ebm   **G#**
Waste my days(Waste my days)
      Ebm   **G#**
drown aways(drown aways)
         C#   **Bbm**
It s just the thought of you
   F#   **Ebm**   **G#**
In Love with some-one else
       C#   **Bbm**
It breaks my heart to see you
F#   **Ebm**   **G#**
hangin from your shelf
F#   **C#**
Oh girl when I m in love
        F#
with you, keep fishin if you
C#   **F#**
feel its true, Theres nothing
        C#   **Bbm**
more that we can do
   F#   **Ebm** **G#**
to save you, from yourself

(solo) **C#**

```
         Ebm                 G#
Waste my days(Waste my days)
         Ebm           G#
drown aways(drown  aways)
              C#              Bbm
It s just the thought of you
    F#          Ebm         G#
In Love with some-one else
              C#           Bbm
It breaks my heart to see you
F#          Ebm          G#
hangin  from your shelf
F#                        C#
Oh girl when I m in love
           F#
with you, keep fishin  if you
C#                   F#
feel its true, Theres nothing
              C#     Bbm
more that we can do
    F#           Ebm   G#
to save you, from yourself
              C#                     F#
You ll never do the things you want
                C#                   F#
If you don t move and get a job.
           C#
Waste my days
            F#
and get a job...
            C#
Waste my days
             F#
and get a job...
            C#
Waste my days
            F#
and get a job...
           C#
Waste my days
             F#
and get a job...

(  C#  )
```
