

Put Me Back Together

Weezer

C **G**
When I walk down the street

F **F**
I been trippin on my feet

C **G**
And my clothes they don t match

F **F**
And my blue jeans need a patch

Dm
it s cold outside

F
is there someone there tonight

Dm
it s cold outside

F **G**
won t you let me come inside and make it right

Am **F** **C** **G**
Here it s clear, that I m not getting better

Am **F** **C** **G**
When I fall down, you put me back together

C **G**
What I do, isn t cool

F **F**
And my lips are lined with drool

C **G**
I m a mess, since you left

F **F**
You can use this fool, I m gonna use this too

Dm
it s cold outside

F
is there someone there tonight

Dm
it s cold outside

F **G**
won t you let me come inside and make it right

Am **F** **C** **G**
From here, it s clear, that I m not getting better

Am **F** **C** **G**
when I fall down, you put me back together

Dm **F** **C** **G**
I m alone, in my room , I don t know what to do
