For the outro/intro u should play something like this (dunno how to name the
chords)
```
     C#        F#          G#
E-----------------------------------------|
B---------------(3)------------(5)---------|
G---6--4--------4-------------6-----------|
D---7--7----------------------------------|
A---5--5------5-----------7-----7---------|
E----------3--------3---5-----------------|
```

```
  C#                     F#      G#     C#
I thought you would always be my friend
    F#   G#       C#
Now everything must end
    F#      G#          C#
And so the world moves on
    F#     G#          C#
And everything must go

C#                         C#/C#                    F#
When I m looking at the night sky, I can see my soul
C#                           C#/C#                      F#
I can see the little lights flashing at eachother up above
Ebm              G#                  Ebm              F#m7           (G#)
Is it us making love in the Milky Way, long before we threw it all away?

      F#         G#
Hey, you
                  F#            G#
We re running out of time
                F#            G#
And you know it s true
              Bbm
I just want to run away from here with you
C#              F#      G#
Tonight...
C#              F#      G#
Tonight...

C#                         C#/C#                    F#
Sometimes I wish I was a house at the end of the block
C#                         C#/C#                        F#
You could smash all my windows with the throw of a rock
Ebm                   G#                        Ebm
And make the hurt go away, come again some other day
        F#m7             G#
There s so much I want to say about

F#         G#
You
                  F#              G#
We re running out of time
                F#            G#
And you know its true
              Bbm
I just want to run away from here with you

  C#                F#      G#     C#
I thought you would always be my friend
    F#   G#          C#
```

```
Now everything must end
    F#      G#            C#
And so the world moves on
    F#    G#          C#
Cuz everything must change
    F#          G#    C#
And now you re all alone
      F#        G#       Bbm
You re sitting by the telephone
    G#        F#
You wonder why
     G#          C#          F#        G#
Everyone will cry
C#            (F#    G#)
Tonight...
C#            (F#    G#)
Tonight...
C#            (F#    G#)
Tonight...
C#            (F#    G#)
Tonight...
