**E**                    **A**        **B**        **E**  
I thought you would always be my friend  
**A**        **B**                    **E**  
Now everything must end  
**A**        **B**                    **E**  
And so the world moves on  
**A**        **B**                    **E**  
And everything must go

**E**                                    **E/C#**                                    **A**  
When I m looking at the night sky, I can see my soul  
**E**                                    **E/C#**                                    **A**  
I can see the little lights flashing at eachother up above  
**F#m**                                    **B**                                    **F#m**                                    **Am7**                                    **(B)**  
Is it us making love in the Milky Way, long before we threw it all away?

**A**        **B**  
Hey, you  
**A**                                    **B**  
We re running out of time

I just want to run away from here with you  
**E**                                    **A**                                    **B**

**E**                                    **A**                                    **B**  
Tonight...

**E**                                    **E/C#**                                    **A**  
Sometimes I wish I was a house at the end of the block  
**E**                                    **E/C#**                                    **A**  
You could smash all my windows with the throw of a rock  
**F#m**                                    **B**                                    **F#m**  
And make the hurt go away, come again some other day  
**Am7**                                    **B**  
There s so much I want to say about

**A**        **B**  
You  
**A**                                    **B**  
We re running out of time  
**A**                                    **B**  
And you know its true  
**C#m**  
I just want to run away from here with you

**E**                                    **A**        **B**        **E**  
I thought you would always be my friend

**A**    **B**            **E**

Cuz everything must change

**A**            **B**    **E**

And now you re all alone

**A**            **B**        **C#m**

You re sitting by the telephone

**B**        **A**

You wonder why

Everyone will cry
