

Run Over By A Truck
Weezer

This is my first tab :)

Am **C**
I used to sing songs at the break of the day
Am **G**
Zippa dee doo da, zippa dee yay
Am **C**
Working myself into a frenzy
Am **G**
But I don t do that no more, no way

Am **C**
I used to like-a learn how to speak in Chinese
Am **G**
O kudasai means baby, would you please?
Am **C**
Conjugating verbs with the greatest of ease
Am **G**
But I fell down hard on my bended knees

Am **C** **Am**
I feel like I ve been run over by a truck
G **Am**
I don t care much about anything
C
I m happy to sing
Am **G**
I m lacking the passion to do anything
Am **C** **Am**
I feel like I ve been run over by a truck
G **Am**
I don t care much about anything
C
So give me a ring
Am **G**
And tell me to wake up and do anything

The rest of the song keep doing **Am-C-Am-G**
