Open the door and let your love come down
Over the wall you re spinnin round and round
Cause you wanted some love
I ll make it happen

(A B E C#m/G# A B)
Cause I don t want to break
Your fine face, I can t take
The way you wanna wrap me up
Inside your smile

(E G#m A F# B/F# F#dim/C C#m/G# G#/B)
Open your heart and let the good stuff out
Water me girl, and let me ease the drought
Cause you wanted some love
I ll make it happen

(A B E C#m/G# A B)
Cause I don t want to break
You fine face, I can t take
The way you wanna wrap me up
Inside your smile

(A B E5 D#/B C#m/G# B/G# A B)
I can t be gone darlin
For very long
(No) never know what you re gonna do

Standin there deep in front of you
Take a look in between my eyes
Because I m back
Yeah
