

## Turning Up The Radio Weezer

Turning Up the Radio

Weezer- Death to False Metal

Note: These chords were worked out from the Let s Write a Sawng sessions. They are playable on some level. The song doesn t change much, so it s not hard to get. I had these chords lying around and I figured, why not share them. Enjoy.

**D**              **Dmaj7**              **Gmaj7**

turn it, turn it,  
got to get it louder  
turn it, turn it,  
let me hear you shout it  
turn it, turn it,

get yourself together  
turn it, turn it,  
waking up your neighbor

listen as I start my jam  
tuning into the stations on the stereo  
don t you dare touch that dial  
cause I got style  
(for miles and miles)

everybody clap your hands  
grooving to the way I roll with my rock band  
you know we re gonna turn back time  
to the 80s...

let the music play  
let the mohawks grow

we don t care what you say  
we re turnin up the radio

turn it, turn it,  
got to get it louder  
turn it, turn it,  
let me hear you shout it  
turn it, turn it,  
get yourself together  
turn it, turn it,  
waking up your neighbor

it s the rock, it s the roll  
it s the pop, it s the soul  
it s the funk the hip-hop  
oh DJ don t you stop

it s the hits, it s the flops  
Billie Jean and She Bop  
it s the cream of the crop  
oh DJ don t you top  
turn it all the way

turnin turnin turnin up the radio...

turn it, turn it,  
got to get it louder  
turn it, turn it,  
let me hear you shout it  
turn it, turn it,  
get yourself together  
turn it, turn it,  
waking up the neighbor
