Intro: **F# B C# Bbm B C# C#**

Verse 1:
```
  F#                      B
Once in awhile maybe you will feel the urge
     G#m        C#                 F#
To break international copyright law
         Ebm                C#
By downloading MP3 s from file sharing sites
        E                        B       C#
Like Morpheus or Grockster or Limewire or KaZaA
```

Verse 2:
```
    F#                             B
But Deep in your heart you know the guilt would drive you mad
         G#m        C#                  F#
And the shame would leave a permanent scar
          Ebm                              C#
 Cause you start out stealing songs then you re robbing liquor stores
       E                       B             C#
And sellin  crack and runnin  over school kids with your car
```

Chorus 1:
```
   F#         B         C#
So Don t download this song
    F#      B                    C#
The record store s where you belong
        Ebm     Bbm         Bb         B

```

Verse 3:
```
    F#                         B
Oh, you don t wanna  mess with the R-I-double-A
      G#m            C#          F#
They ll sue you if you burn that CD-R
         Ebm                       C#
Doesn t matter if you re a grandma or a seven year old girl
        E                          B           C#
They ll treat you like the evil hard-bitten criminal scum you are
```

```
   F#          B        C#
So don t Download this song  (Don t go)
F#        B         C#
Pirating music all day long
```

```

Go and buy the CD like you know you should

Oh, don t download this song

Bridge:
          D                      Bm
Don t take away money from artists just like me
       D                      Bm
How else can I afford another solid gold Hum-Vee
       F#
And diamond studded swimming pools
         Ebm
These things don t grow on trees
    G#              G#m        C#   Eb
So all I ask is everybody, please...

Chorus 2:
  G#         C#           Eb
Don t download this song  (Oh please don t you do it, or you)
 G#                  C#                 Eb
Might wind up in jail like Tommy Chong  (Remember Tommy)
       C#        G#          C         C#
Go and buy the CD like you know you should  (Go out and buy it)
     Bbm          Eb          G#
Oh, don t download this song

Don t download this song  (No, no, no, no, no, no)

You ll burn in hell before too long  (And you deserve it)
        C#        G#                       C         C#
Go and buy the CD (Just buy it) like you know you should (you really should)
     Bbm          Eb          G#
Oh, don t download this song
