

Its All About The Pentiums
Weird Al Yankovic

It s All About The Pentiums
Weird Al
chorded by Chris Marks

All the chords are 5 s. With that in mind, in order of appearance, the chords are:

- G xaccxx
- F x8aaxx
- Bb xdffxx
- B xeggxx
- A xceexx

As logic would dictate, if you see it means slide down
In the first chord pattern, it only means to slide down to the G again
In the rest of the song, it just means slide

riff:

```

Lyrics over the intro:

It s all about the pentiums baby, (over that empty bar at the beginning)
Uhh, uh-huh, yeah
Uhh, uh-huh, yeah
It s all about the pentiums, baby
It s all about the pentiums, baby
It s all about the pentiums!
It s all about the pentiums!
(Yeah!!)

Verse 1:

G G G G

What y all wanna do?

F G GG Bb

Wanna be hackers? Code crackers? Slackers

G G G G

Wastin time with all the chatroom yakkers?

F G G G Bb

9 to 5, chillin at Hewlett Packard?

(etc.)

Workin at a desk with a dumb little placard?

Yeah, payin the bills with my mad programming skills

Defraggin my hard drive for thrills

I got me a hundred gigabytes of RAM

I never feed trolls and I don r read spam

Installed a T1 line in my house

Always at my PC, double-clickin on my mizouse

Upgrade my system at least twice a day

I m down with Bill Gates, I call him Money for short

I phone him up at home and I make him do my tech support

It s all about the Pentiums, what?

G \\\

You gotta be the dumbest newbie I ve ever seen

B

You ve got white-out all over your screen

Bb

You think your Commodore 64 is really neato

A

What kinda chip you got in there, a Dorito?

G \

You re usin a 286? Don t make me laugh

B \

Your Windows boots up in what, a day and a half?

Bb\ A

You could back up your whole hard drive on a floppy diskette

You re the biggest joke on the Internet

(etc.)

Your database is a disaster

You re waxin your modem, tryin to make it go faster

Hey fella, I bet you re still livin in you parents cellar

Downloadin pictures of Sarah Michelle Gellar

And postin Me too! like some brain-dead AOL-er

I should do the world a favour and cap you like Old Yeller

You re just about as useless as jpegs to Helen Keller

(riff)

It s all about the pentiums!

(riff)

It s all about the pentiums!

(riff)

It s all about the pentiums!

(riff)

It s all about the pentiums!

(riff)

Now what y all wanna do?

(riff)

Wanna be hackers? Code crackers? Slackers

(pattern 1)

Wastin time with all the chatroom yakkers?

9 to 5, chillin at Hewlett Packard?

Uh, uh, loggin in now

Wanna run wit my crew, hah?

Rule cyberspace and crunch numbers like I do?

B \

They call me the king of the spreadsheets

Bb \

Got em all printed out on my bedsheets

A \

My new computer s got the clocks, it rocks

G \

But it was obsolete before I opened the box

B \

You say you ve had your desktop for over a week?

Bb \

Throw that junk away, man, it s an antique!

A \

Your laptop is a month old? Well, that s great

G \

If you could use a nice, heavy paperweight

(etc.)

My digital media is write-protected

Every file inspected, no viruses detected

I beta tested every operating system

Gave props to some, and others? I dissed em

While your computer s crashin , mine s multitaskin

It does all my work without me even askin

B

Got a flat-screen monitor, 40 wide

Bb

I believe that yours says Etch-A-Sketch on the side

A G

In a 32-bit world, you re a 2-bit user

You ve got your own newsgroup, *

B

Your motherboard melts when you try to send a fax

Bb

Where d you get you CPU, in a box of Cracker Jacks?

A

Play me online? Well, you know that I ll beat you

G

If I ever meet you I ll control-alt-delete you

What?

(riff)

It s all about the pentiums!

(riff)

It s all about the pentiums!

(riff)

It s all about the pentiums!

(riff)

It s all about the pentiums!

What y all wanna do?

(riff)

Wanna be hackers? Code crackers? Slackers
