INTRO

      C   **F**   **C**   **G**   **C**   **F** **C** **G**

                                       If you wanna know

VERS 1

     C   **G**

Tomorrow morning I have to leave, but forever I may be

     F   **G**

Best believe I m thinking of you, I can t believe how much I love you

     C   **G**

Oh yeah this is tonight, we don t wanna waste this time

     F   **G**

Give me something to remember, baby put your lips on mine

     F   **G**   **Dm**   **G**

And I love you forever

     F   **G**

Anytime when we find ourselves apart

                      C   **G**

You just close your eyes, and you ll be here with me

              Dm   **Em**   **F**

Just slip to your heart, and that s where I ll be

  G   **C**   **G**

If you just close your eyes, till you drifted away

         F   **G**

You never be too far, from me

           C **F**   **C** **G**

If you close your eyes, close your eyes

VERS 2

     C   **G**

I know I m gonna see you again, promise me that you won t forget

     F   **G**

Cause as long as you remember, a part of us will be together

     C   **G**

So even you re fast asleep, look for me inside your dream

```
        F                              G
Can t believe it didn t what we re sharing, but even when I m not there
to tell you

        F       G         Dm    G
That I, I love, love you forever

        F                      G
Anytime when I can t be where you are

CHORUS

              C                      G
Just close your eyes, and you ll be here with me

                 Dm        Em           F
Just slip to your heart, and that s where I ll be

 G                       C              G
If you just close your eyes, till you drifted away

           F       G
You never be too far, from me

                 F
If you close your eyes

STICK

              Am
Is there anywhere that far

              F
Any time you feeling low

              Am        G       F
Is there anywhere my love cannot reach for more

              Am                 Bb
I could be anywhere on earth, It could be I ll be

          G
Oh baby if you wanna see

CHORUS

              D
You just close your eyes

                      A
Just close your eyes, and you ll be here with me

 Em         F#m        G            A
```

```
          Look to your heart, and that s where I ll be

               D             A
          Close your eyes, till you drifted away

                  G          A
          You never be too far, from me
                                     (Play these as notes, the  A  as chord
       though)
                          D    -break- D - C#  - B - A
          If you close your eyes, and you ll be here with me

                  Em        F#m             G   A
          Look to your heart, and that s where I ll be

                   D                   A
          Just close your eyes, till you drifted away

                  G          A
          You never be too far, from me

                       D   B  D C# (this is the right notes, cant figure the
       chords)
          If you close your eyes

                       D   B  D C# (this is the right notes, cant figure the
       chords)
          Just close your eyes

          If you wanna know
