

**Drive**  
**Westlife**

Versel :

**C G** **Am**  
It s easy to fool around . It s harder to keep the faith  
**F**  
But I wanna settle down . No matter what it takes  
**C G** **Am**  
If I ever break your heart . If I ever do you wrong  
**F**  
I hope I never give you cause . To doubt where you belong  
**Am G** **Am G** **F**  
If a million miles were between us . I d want you to know

Chorus:

**C G**  
If I had to drive all day . Take that flight  
**Am F**  
Across the ocean . I m coming home tonight  
**C G** **Am F**  
**C**  
Don t let it play on your mind . Cause my devotion is for all time

Verse2 : Same a before

Some people want it all . Some only want the fun  
But I m here to let know that your always number one  
Some people let it show . Some people wait too long  
Well I m gonna tell you now , that I m all about the love  
If a million miles were between us  
I d want you to know

Chorus :

Same as before

Enjoy!
