

Where Did Your Heart Go  
Wham!

**Am**  
I spend my nights down on the wharf  
**E** **Am**  
In unlit alleyways  
**Am**  
By the church downtown  
**E** **Am**  
Where Sally prays  
**F** **G**  
Come down sometime  
**Am**  
We ll share a rusty can of corn  
**F** **G**  
And listen to the radio  
**E** **G**  
I love you, I love you, it says...

**Am** **Dm**  
Where did your heart go  
**G** **Am**  
Did you put it on a train  
**F** **G**  
Did you leave it in the rain  
**E** **G**  
Or down in Mexico (2x)

**Am**  
You cry, but I don t know  
**E** **Am**  
I ve heard it all before  
**E** **Am**  
There it goes again, the slamming of the door  
**F** **G**  
Sometimes the river calls me  
**Am**  
And at night it calls my name  
**F** **G**  
Says put your troubles down beside me  
**E** **G**  
Things have always been the same

SOLO (as Chorus)

Am  
And rock n roll won t teach me  
E Am  
What the river said that night  
I jumped into this beauty  
G E  
And drifted out of sight...

*Chorus*
