I know I prefer the non-fiction kind of life

I think gettin it right is the hardest part
Maybe that s just why it s not the best place to start
I think gettin it right is the hardest part
Maybe that s just why it s not a good place to start

And maybe time is running out
Maybe the only time we got is now
I think the people that got it figured out
Ain t very pleasing
Already we ve got a world full of right and wrong
But I prefer just writin songs
Kick back and just get along
Just take it easy easy alllllright
