Sand in My Sheets

**A E F#m D**

**A D**  
Open my eyes to an early sunrise  
Clear blue skies so it s time to check the tide  
Grab my board then I m headed out the door  
If you need to find me I ll be chillin at the shore

**A E**  
Sand in my sheets but I still fell asleep  
**F#m D**  
Dreamin about tonight and the sunset on the beach

**A E**  
I close my eyes, she s everything I see  
**A D A D A**  
On the shoreline just my girl and me

**A D**  
Cruisin along listenin to the stereo  
This has got to be the greatest feeling that I know  
Falling in love, falling for that special girl  
This has got to be the best feeling in the world

CHORUS -- Take it Nate...

**A D**  
Well it makes no sense at all how the living is so easy  
**A D**  
But the parkingâ€™s so hard in my own backyard  
And all bets are off if you re coming up from out of town  
Get your greeting with the beat down, beat down (D7 D7 hits on â€œbeat downâ€™.)  
Lucky for me when I wake in the dawn  
Grab my ukulele and I step on the lawn  
Hurry it up til I m down on the beach  
Skip to my step with a reggae styley and a

**A D A D**  
Pacific ocean air, Catalinaâ€™s coming in so clear  
And tomorrowâ€™s gonna be the same, yea  
Tomorrowâ€™s gonna be the same -- oohhhh  
Tomorrow, tomorrow is another day

Well today if you re waiting for something to change  
Tomorrowâ€™s gonna be the same, yea  
Tomorrowâ€™s gonna be the same

CHORUS (Pause before kicking into chorus this time.)
