

Color Change

Whirr

Not sure if this 100% correct, I did it by ear. Also not entirely sure on what the second chord is called lol.

I used this video: <https://www.youtube.com/watch?v=9jGFyRES9Ks>

G-320001

Em/B-779987

C-x32010

D-xx0232

Em-022000

[Intro]

G Em/B

[Verse]

G Em/B

In her dream you were found to be made part of sound waves shaped like imaginary tones

G Em/B

Geometry created by sleeping electronic pulses in her mind

[Chorus]

C D

Lay next to me and see what I see

G Em

Color change and rearrange map the contours of our brains

C D

Breathe what I breathe and feel my heartbeat

G Em

Color change and rearrange map the contours of our brains

C D

Be what I need don't see me

[Verse]

G Em/B

For a dream you are pretty good with your story telling words picture painting
verse

G Em/B

Close my two eyes to imagine these shifting pictures and changing fixtures

[Chorus]

C D

Lay next to me and see what I see

G Em

Color change and rearrange map the contours of our brains

C D

Breathe what I breathe and feel my heartbeat

G **Em**
Color change and rearrange map the contours of our brains

C **D**
Be what I need don't see me

[Outro]

G Em/B

Here's the lead guitar part. You pretty much hit a 7 on the B string right before the G chord is played throughout the song.

```
e |-----|
B | -7-----8/12--8/12-15-12----12-|
G | ---9-7---7-----14----|
D | -----9-----|
A |-----|
E |-----|
```
