Lonely East TX Nights by Whiskey Myers

This is a great tune by one of my favorite TX bands.

The **Em7** in this tune can be easily replaced with an **Em** if you prefer. The **D** in this song is accented with a **Dsus2** and **Dsus4** pattern (**D - Dsus2 - Dsus4 - D**) or (**D - Dsus2 - D - Dsus4**).

Whichever you prefer.

Note: Use variation 4 of the **Cadd9** (G w/ upper fingers dropped one string).
ENJOY!!!
