**G**

Got sixteen days

One for every time I ve gone away

**F**

One for every time I should have stayed

**C**

Should have wore my wedding ring

**G**

Got sixteen days

Fifteen of those are nights

**F**

Can t sleep when the bed sheet fights

**C**

It s way back to your side

**G**

Well the ghost has got me running

Well the ghost has got me running

**F**

**C**

Away from you away from you away

**G**

Well the ghost has got me running

Well the ghost has got me running

**F**

**C**

Away from you away from you away

**G**

Got sixteen days

Got a bottle and a rosary

**F**

God I wish that you were close to me

**C**

I guess I owe you an apology

**G**

Got sixteen days

Fifteen of those are nights

**F**

Can't sleep when the bed sheet fights

**C**

Its way back to your side

**G**

Well the ghost has got me running

Well the ghost has got me running

**F**

**C**

Away from you away from you away

**G**

Well the ghost has got me running

Well the ghost has got me running

**F**

**C**

Away from you away from you away

**Am** **C** **F** **G**

Old tin cups, little paper dolls

**Am** **C** **F**

All wrapped up, in ribbons bows and hearts

**Am** **C** **F** **G**

Old tin cups, and little paper dolls

**Am** **C** **F**

All wrapped up, in the ribbons of your heart

SOLO

I got sixteen days

Sixteen days

I got sixteen days

It's like before I hang
