Darling, we re starting, she said
C Bb
We go alive in a heartbeat
F Dm
Waiting for something in my car
C Bb
A little hope out of nothing
Dm
Through the hum on the line

[Chorus]

F C
She said I was a first time caller
Bb Dm Am
But a long time listener
C G Bb
I ve been waiting a while to talk to you x2

F Dm C Bb

F Dm
Falling like trash from the sky
C Bb
I hit a patchwork of loneliness, crooked and wild
F Dm
Hung from the stars and dropped through the night
C Bb
To a heatwave in hard place-lessness, neon tiles
Dm

And I got nothing but time

[Chorus]

She said I was a first time caller
But a long time listener
I ve been waiting a while to talk to you

I want you to love me
More than I love you
Tell me if that s something you can do
