White Lies

[Intro]

I overthink all my thinking

I don't know what to feel anymore

Feeling all this for you
F# D#m
I don't know what it means anymore
A#m B
If you mean that much to me

[Pre-Chorus]

B C#
No-one plans for an accident
B C#
And I'm sure that I'm unprepared
B C#
No-one plans for an accident
A#m
Oh I know, I've no idea

[Chorus]

D#m
If I could make it right
C#
I'd make it right now
A#m
If I could make it right
F#
Oh, I'd make it right now

I know I have to leave
A#m
But it hurts so much
C#
Just knowing that my love
D#m

Might never be enough

Never get over you
F# **D#m**
Every word is like thunder

Every silence leaves a bruise

If I could make it right
C#
I d make it right now
A#m
If I could make it right

Just knowing that my love
