White Noise - My Game of Loving

Beautiful and creepy psychedelic song from the late 60s

Verse (all verses follow this chord pattern):

Em

When I smile at you or

D C B

Touch your hand

Am Em D

Do not think I love you

Am Em

I'm just playing

Chords for the spoken word bits

Em

D C B

Am Em D

Am

E

Chorus:

Em F

My game of loving

F7 Em

Getting hungry for

Dm E

My game of loving 2x

Em

When we kiss and touch

Don't call it loving

It's only a game I play of

Loving making pleasure

(spoken word)

My game of loving

Getting hungry for

My game of loving

My way of loving

(crazy part with looped sounds of people making love)

Em

Don't think it's true

Remember it with laughter

When you re gone and someone else will
Play my game of loving

(spoken word)

My game of loving
Getting hungry for
My game of loving
My way of loving
