I know love and what it means,  
 It s a skinny little girl in tight ass jeans  
 I love to hear em moan and cry,  
 Cos God made men to satisfy  
 And with the fire returning,  
 I feel the fever burning  
 Oh babe, bring it on home to me

Take me with you I will give you anything a woman needs,  
 Take me with you I will give you anything a woman needs  
 Oh, take me with you.

Every time I see my baby home,  
 I wanna kiss a little better so I get stoned  
 Gonna spread her pretty legs so I can see,  
 Sweet lip honey be the death of me  
 And I will discover you ll be my midnight lover,  
 Oh babe, bring it on home to me

Take me with you I will give you anything a woman needs,  
 Take me with you I will give you anything a woman needs  
 Take me with you.
