

**More Than Life**  
**Whitley**

D tuning (full step down from standard E tuning).

Several good tabs here, but I felt like I should put it together for anyone that just wanted to play the chords or wanted to make up their own picking pattern and just wanted something with all the words.

[Intro]

**Am F C G x2**

[Verse]

**Am F C G**  
Be-lief in the breeze,  
**Am F C G**  
The smoky morning haze.  
**Am F C G**  
The sun on her face,  
**Am F C G**  
and the touch of lovers hands.  
**Am F C G**  
The pain that comes today,  
**Am F C G**  
Is here, then goes away.

[Chorus]

**F**  
And we are homeward bound,  
**Am F C**  
And I,  
**G Am F C**  
I want this more than life,  
**G Am F C**  
I want this more than life,  
**G Am F C G**  
I want this more than life.

[Verse]

**Am F C G**  
To touch something real,

Am F C G  
Will help your wounds heal,  
Am F C G  
Like the sun on your face,  
Am F C G  
The dreams of starry nights.

F

And we are homeward bound,  
Am F C  
And I,  
G Am F C  
I want this more than life,  
G Am F C  
I want this more than life,  
G Am F C G  
I want this more than life.
