

Kevin's Cancer

Why?

Since Why? music doesn't get posted often and Kevin's Cancer is one of my favorite songs I figured I might as well be the one to post this. I learned this by ear on my piano but I'm fairly certain it's correct.

Intro: **G-Bm-G-Bm-Em-D-C**

G **D** **Em**
There are no indisputable histories of Christmas
C **G**
Playing possum in a PO box
D **Em** **C**
With the key I'll receive in good time
G **D** **Em**
Or vague, indefinite afterlife scenarios
C
On loop playing true
G **D** **Em** **C**
Unnoticed, deep in the rustiest back silos of my mind

Em **G** **D**
No I know with no uncertainty
C
That I'm uncertain and I don't know
Em **G** **D** **C**
I know with no uncertainty

G **C**
Kevin's cancer said

You say I should pray that Yud-Hey-Vav-Hey
Em
Would stay above me
C **G**
But for all this chaos and dread
D **Em**
I need not one cloth on my head
C
To hold it all in with
G **D**
And so I go without a care

Em **C**

Head bare and somehow I m still here

G

Lay your mother s dread in her grave

D **Em** **C**

Savor the gift and behave in its midst

Em **G** **D**

No I know with no uncertainty

C

That I m uncertain and I don t know

Em **G** **D** **C**

I know with no uncertainty
