

Simeons Dilemma

Why?

why? is such a great band. how are there only a few tabs on ultimate-guitar?  
this is my first tab so here goes:  
tuned a half step down

**C**  
stalker s my whole style  
**Am**  
and if i get caught i ll  
**Em F C**  
deny deny deny

**C**  
today you re twenty five  
**Am**  
i made you something fine  
**Em F** let ring  
it s in the palm of my new hand

it s out  
**Am F**  
you re mostly what i think about and

i m proud  
**Am**  
i ve been coasting on this singles route

**C F**  
but i still hear your name

in wedding bells  
**C F**  
will i look better or will i look the same

rotting in hell  
**C F**  
you re the only proper noun i need

**C**  
hurry

**F**  
my copper crown s gone green

**C F**  
pull me, pull me on out of this tree

**C**  
i m stuck up a branch waiting

**F**  
clearly caught between

**C**

two things unclear to me

**C**

**F**

are you a female young messiah

for stowaways in dugouts

**C**

and are you what church folk mean

**F**

by the good news

pulling plastic bags off heads

**C**

or are you giving me a dirty look

**F**

in the rear view

**C**

clicking the button on your u-haul pen

don't pretend you didn't see me

**F**

coming round the bend

**C**

on my fixie with the chopped horns turned in

**F**

trailing behind your biodiesel benz

**C**

stalker's my whole style

**Am**

and if i get caught i'll

**Em F C**

deny deny deny

**C**

**Am**

twenty five carved with a butter knife

**Em**

**F**

on the front of my new hand

it's out

**Am**

you're mostly what i think about

end on Am
