```
Dm      F          Bb      A  
    We sat on the couch a-playin  
Dm      F          Bb      A

G                A* Bb    * single note walking up  
Tossed right out into the blue
```

Verse 2:

I set into a downward spiral  
Caught an illness that was literally viral  
I heard some words of wisdom the other day  
And they went in one ear and out the other one

Verse 3:

I awoke from this beatific binge  
With prismatic eyes, now lite is tinged  
With all the vapors that the vile humans brew  
Shining through the.. blight of you (3x)
