

**Driving Song**  
**Widespread Panic**

Driving song  
off Space Wrangler

I got this tab from what I could see JB playing on a live dvd so its only bits and but you can get most of the song from it.

Intro

Verse

E G D A E

E G D A  
Leaves seen through my window payne reminds me that its time to move my  
E G D A E  
life again...

Thats repeated through the verse

Fist solo is done in that chord progression

Jam

Gm Am repeated

Thats all I could really get out of it but I guess having a little bit of a panic tab is than having no panic tabs at all.  
If any one has any corrections or comments PLEASE make more panic tabs!!!!  
Enjoy
