{play 3x} -> {1x}

I really wanna move like I d like to
Sometimes I remember myself
I really wanna feel like I m supposed to
Sometimes I remember how to feel

C **D**
How did I find myself just this way

C
My body keeps on moving

D#
But my style gets in my way

D#
Find out just how tall I am
By jumping in the middle of a river

Well, we were shaking cliches like we used to
You just remember the smell
Breaking my brain like a boy who just
Can t forget her smell

C **D**
Now, how do you like the way I drive

C **D#**
Take us a little bit different way every next time (time)

D#
Find out just how dry I am
By jumping the middle of a river

Jam over an E

D#
Find out just how tall I am
How tall I am

Big nasty jam over E that ends with an orgasmic build

I really wanna move like I d like to
Sometimes I remember myself
I really wanna feel like I m supposed to
Sometimes I remember how to feel

C **D**
How did I find myself just this way

C
My body keeps moving

D#
But my thoughts get in the way

D#
Find out just how tall I am
By jumping in the middle

end on a big E
