

Ballad Of The Golden Hour
Widowspeak

This is my first tab. I tried my best. I used chordify.net to get the basic chords and then saw that Molly Hamilton plays with a capo on fret one so i adjusted the chords down one-half step. The parts between the versus are unknown. There may be errors, sorry bout that!

Molly plays the A on the 5th fret, C#m on the 4th fret and E regular

Capo 1!
