Tuning: Standard

[C#]The ashtray says
You were up all night
When you [F#]went to bed
With your [F#m]darkest mind

[C#]Your pillow wept
You covered your eyes
And you [F#]finally slept
While the [F#m]sun caught fire

[C#]You ve changed

[C#]We fell in love
In the key of C
We [F#]walked along
[F#m]Down by the sea

[C#]You followed me down
The neck to D
[F#]We fell again
[F#m]Into the sea

[C#]You ve changed
[F#]Oh, you ve [C#]changed

[C#]Maybe all I need is a shot in the arm
[C#]Maybe all I need is a shot in the arm
[C#]Maybe all I need is a shot in the arm
[F#]Maybe all I need is a shot in the arm
[F#]Maybe all I need is a shot in the arm
[F#]Maybe all I need is a shot in the arm

[C#]Something in my veins, bloodier than blood
[C#]Something in my veins, bloodier than blood
[C#]Something in my veins, bloodier than blood
[C#]Something in my veins, bloodier than blood

[C#]The ashtray says
You were up all night

When you [F#]went to bed
With your [F#m]darkest mind

[C#]You ve changed
[F#]Oh, you ve [C#]changed

[C#]What you once were isn t what you want to be anymore
