My Darling

Summerteeth
Capo on 2nd fret
Go back to sleep now
My darlin
                 E
And I ll keep all the bad dreams away
Breathe now
Think sweet things
And I ll think of all the right words to say
Because we made you
My darlin
F#m
with the love in each of out hearts
We were a family my darlin
Right from the start

Grow up now, darlin
Please don t grow up too fast
and be sure, darlin
F#m
To make all the good times last
Because we made you
My darlin
With the love in each of out hearts
We were a family my darlin
