Verse:

(Hold each for a 2 count)

G D Em C A A C C
 It s my fathers voice dreaming of sailors sailin off in the mornin
 G D Em C A A C C
 For the air-conditioned rooms at the top of the stairs
 G D Em C A A C C
 His jaw s been broken, his bandage is wrapped too tight
 G D Em C A A C C
 His fangs have been pulled and I really wanna see you tonight

There s bourbon on the breath of the singer you love so much
 He takes all his words from the books that you don t read anyway
 His jaw s been broken, his bandage is wrapped too tight
 His fangs have been pulled and I really wanna see you tonight

Someone ties a bow in my backyard to show me love
 My voice is climbin walls, smoking, and I want love
 My jaw s been broken, my heart is wrapped in ice
 My fangs have been pulled and I really wanna see you tonight

G D Em G7
 And it makes no difference to me
 C A* G A
 How they cried all over on the seas
 C Cm G
 When it s hot in the poor places tonight
 Eb C G
 I m not goin outside

Fill: Relative to Capo of course
