

Radio Cure
Wilco

this is a great song. the only chord i m not sure about is the F/F#. i don t know the right one, but if anyone figures it out let me know. everything else is 99% accurate.
you can play the **G/A** as a **G** major chord instead. most times that sounds better, but i guess it depends on how much you ve had to drink. after that, either way sounds good i guess. anyway, have fun with it.

Yankee Hotel Foxtrot
