**Wilco**

*Intro: G C Am Em C Am*

G C Am  
I was only asking for a moment of the truth  
Em C Am  
I can't fight the feeling when I'm hanging out with you  
G C Am  
Why do I forgive you because I get confused  
Em C Am G  
I could never leave behind the part of me that you refuse

G C Am

G C Am  
I was on the ceiling I could almost feel the sun  
Em C Am  
Try the words in sequence but that's never how it's done  
G C Am  
Why do our disasters creep so slowly into view  
Em C Am G  
I was only after a friend to follow through I couldn't lose

G C Am Em

G C  
I know why you don't really know me  
G C  
I don't think you can call it home  
G C G  
All alone I couldn't taste another thing

Am C G Am C

G C Am  
I was on the ceiling and I swore it might be true  
Em C Am G  
I could fight the feeling but not quite as well as you could do

G C Am Em C Am

G C  
I don't know, won't you come and show me  
G C  
I don't think it's what you did before  
G C  
All alone I couldn't take a kiss like you
