Tuning: Standard

[Intro]

Dmaj7 D A G

[Verse]

Dmaj7 D

I dreamed about killing you again last night

A G

And it felt alright to me
Dying on the banks of Embarcadero skies
I sat and watched you bleed
Buried you alive in a fireworks display
Raining down on me
You cold, hot blood ran away from me
To the sea

I painted my name on the back of a leaf
And I watched it float away
The hope I had in a notebook full of white, dry pages
Was all I tried to save
But the wind blew me back via Chicago
In the middle of the night
And all without fight
At the crush of veils and starlight

[Bridge]

I know I ll make it back
One of these days and turn on your TV
To watch a man with a face like mine
Being chased down a busy street
When he gets caught, I wont get up
And I wont go to sleep

[Chorus]

I m coming home, I m coming home
Via Chicago

[Verse]

Where the cups are cracked and hooked
Above the sink
They make me think
Crumbling ladder tears don t fall
They shine down your shoulders
And crawling is screw faster lash
I blow it with kisses
I rest my head on a pillowy star
And a cracked door moon
That says I havent gone too far

[Chorus]
I m coming home
I m coming home
Via Chicago

[Outro]
Searching for a home
Searching for a home
Searching for a home
Via Chicago

I m coming home
I m coming home

=====
As far as I can tell, that s all there is to the song. It s probably not perfect, but it s a starting point for anybody who wants to build on this tab. I m slowly trying to work out the A Ghost Is Born album, cos it s an amazing album and there s no tabs from it on any guitar sites. Listen to the changes in the chords and work out how to play the Dmaj7-D change. It s simple stuff.
