[Verse]

F#m **A**
There she s standing alone on the dancefloor,

with her head in the clouds and her feet down on the ground,
F#m **A**
She only cries behind closed doors,
C#m **B**
she s here to find someone that she could love tonight.

[Pre-Chorus]

F#m
And in her best dress she s waiting
A
and shaking only for him,
C#m **B**
her memories are fading in the bitter cold drinks
F#m
and in her best dress she s waiting
A
and shaking only for him,
C#m **B**
her memories are fading in the bitter cold drinks.

[Chorus]

F#m
And she,
A
just needs someone to hold,
C#m **B**
someone that she could love more than the ones she d loved before,
F#m **A**
just to show that she s worth to care,
C#m **B**
but he isn t there.
