

Cry For The City
Wilful Missing

Wilful Missing - Cry for the City

Capo V

C
I find it hard to change

Am
Beyond routine

C
With its iron back

Am
And its cheap caffeine

G
But we go too far

G
Down this road weâ€™ve turned

Am7 **C**
We will cry for the city

Am7 **C**
We will beg for its crime

Am7 **C**
We will see what weâ€™re missing

Am **C**
We will beg and we will cry

C
Iâ€™ve struggled hard to be

Am
What my Daddy wants

C
What my Sister feels

Am
What my Girlfriend needs

G
But we go too far

G
Down this road weâ€™ve turned

Am7 **C**
We will cry for the city

Am7 **C**
We will reap what we sow

Am7 **C**
We will find weâ€™ve sowed so little
Am **C**
But we will reap and we will sow

C
Iâ€™m haunted by a dream
Am
A future scene
C
With an absent heart
Am
And an open seam

C
Iâ€™ve got no heart left to break
Am
Itâ€™s my saving grace
C
My road to ruin
Am
My oldest friend

G
But we go too far
G
Down this road weâ€™ve turned

Am7 **C**
We will cry for the city
Am7 **C**
We will read of its past
F **C**
We will fail to listen
Am **C**
We will read and weâ€™ll ignore
F **C**
We will cry for the city
F **C**
We will search for its hope
F
And from the concrete
C **F**
Revolution springs its head
G **C**
Towards the sun
