G **Dsus4/F# G**
To the east we have our lowest land
Cadd9 Em7 Cadd9
Taken from the sea
G
But soon it will be taken back
Cadd9 Em7 Dsus4/F# G
As the black water comes creeping back

G **Dsus4/F# G**
To the west we have triumphant hills
Cadd9 Em7 Cadd9
And lakes that dress the scars
G
But soon it will be taken back
Cadd9 Em7 Dsus4/F# G
As the black water shatters and cracks

G **Cadd9**
So we look to the stars
Cadd9 Em7
In their infinite sky
Em7 Cadd9 Em7 Cadd9 Em7
As science and faith collide into the night
G **Dsus4/F# G**
We re in the firing line..... again

G **Dsus4/F# G**
To the south we have our richest land
Cadd9 Em7 Cadd9
But Christ you have to pay
G

But soon thereâ€™ll be nowhere to stay

Cadd9 Em7 Dsus4/F# G

As the black water retreats away

G Dsus4/F# G

To the north Monroes scatter the land

Cadd9 Em7 Cadd9

They lead the rain astray

G

But the rain will take its share away

Cadd9 Em7 Dsus4/F# G

And where black water was earth remains

G Cadd9

So we look to the past

Cadd9 Em7

To some difficult time

Em7 Cadd9 Em7 Cadd9 Em7

As science and faith collide into the night

Cadd9 Em7 Dsus4/F# G

Weâ€™re in the firing line... again

G Dsus4/F# G

So herein lies some sound... advice

Cadd9 Em7 Cadd9

Much older than its years

G

Move to the north and ride your luck

G MUTE

Cos elsewhere you ll be f*****

N/C Cadd9

So we look to our god

Cadd9 Em7

To some promising heir

Em7 Cadd9 Em7 Cadd9 Em7

As science and faith collide into the night

Cadd9 Em7 Dsus4/F# G

Weâ€™re in the firing line... again

G Cadd9 Em7

As science and faith collide

Dsus4/F# Em7

Weâ€™ll fight right back

Cadd9 Em7 Dsus4/F# G

Until the firing line has changed
