I am a man you see and one day I will be a lion in the morning sun

C **D** **G**
Lazy pulling daisies at doobie past three, a lion in the morning sun

C **D** **G**
One day I ll get fat and sit in my chair, lying in the morning sun

C **D** **G**
Making the most of my full head of hair, lion in the morning sun.

C
What about all the grass between your toes?

G
It s a part of you and a part of me... la la la la!

C
Where are the ladies?

D
With all the zebra gravy for a drink. Woah wow wow!

G
Leave me where I m having fun!

C **D** **G**
That s lying in the morning sun

And tell me when the day is done,

C **D** **G**
Coz I m a lion in the morning sun

The mane on my head gives power to my brain, lion in the morning sun
The rain in Spain falls mainly on the plain, lion in the morning sun

Shaking my tail like the panthers at night, lying in the morning sun
Growling at dogs just to give them a fright, lion in the morning sun.

I could be king and sing like a fatso for what it s worth,
From the planet earth in an opera house,
but I m a lion, and I ain t scared of no mouse. Woah wow wow...

Leave me where I m having fun!
That s lying in the morning sun
And tell me when the day is done,
Coz I m a lion in the morning sun

Em
I feel hungry
D
please just don t come near me.

DANGER

Em
I ll be sleeping
D
So please don t wake me... yeeah

Em
I feel hungry
D
please just don t come near me.

DANGER

Em **D**
I ll be sleeping... Woah wow wow!

Leave me where I m having fun!
That s lying in the morning sun
And tell me when the day is done,
and I ll be lying in the morning sun
like a lion in the morning sun

Heyyyyyyyyyyyyyy!!!! Leave me where I m having fun
Yea yea yea I m a lion in the morning sun!!!!
