

## Watercolors

Will Jay

[Verse 1]

**D**

We were alive, our blood was red

**D**

No need for air, breathe you instead

**G**

**D**

It was magic what we had

**D**

My love rushed in at the right time

**D**

Screamed color in your black and white

**G**

**D**

Lived a lifetime in a flash

**Em**

**D**

But I see how this story ends

**A**

Where I won't stay

**D**

And where you won't forget

[Chorus]

**D**

**A**

Darling you're in deep, your skin is covered

**Bm**

**A**

**G**

Loving me with all my watercolors

**D**

**A**

But I wash out easily

**D**

**A**

All we have is this heat of the moment

**Bm**

**A**

**G**

Won't last on the high of our emotions

**D**

**A**

Cause I wash out easily

**G**

Soon I'll be gone

**Gm**

**D**

You don't belong with me

[Verse 2]

**D**

Oh I'm not one to fit one place

**D**

**C**

This wild heart won't pull its weight

**G**

**D**

I will only let you down

**D**

Our sky can't always be this blue

**D** **C**  
So don't you try to steal the moon  
**G** **D**  
Cause when my high tide comes, you'll drown  
**Em** **D**  
So run before the bitterness  
**G**  
Where I won't stay  
**A**  
And where you won't forget

[Chorus]

Darling you're in deep, your skin is covered
