

**Careful**  
**Will Young**

Have only seen Will Young perform this on a V Festival solo piece at <http://www.youtube.com/watch?v=O4-CDVNMZMc>.

It s a beautiful rendition of an overlooked classic originally by Horse.

The chords are very simple, with the same structure for all sections - intro, outro, verse and chorus. However, the vocal melody changes for the chorus. Simple, but brilliant,  
I am sure you will agree!!

The tuning standard but dropped a half-tone for Will s voice, so the chords and shapes assume you have dropped a semitone. It s played fingerstyle, and the top E string is rarely sounded on this version, hence the x s!

Tuning: Eb Ab Db Gb Bb Eb
