

**Hold On With My Open Hands**  
**William Fitzsimmons**

This song has many layers, but the guitar part repeats the entire song

Capo 2 (chords are relative to capo)

G D G C  
If I had known you better I could probably get my money back

G D G C  
From that old preacher and his organist who said she knew my dad

G - D - G - C (x2) ((I like to finger pick these instrumental parts and the chorus))

G D G  
C  
When we were younger and you promised me that you would where my ring

G D G  
C  
But you where 14 years behind the time when you can mean such things

G D G C  
But I will hold on with my open hands

G D G C  
But I will hold on with my open hands

G-D-G-C (x2)

G D G C  
And I suppose I should decide what I can do with all your clothes

G D G C  
And closets full of all the places you and I will never go

G D G D  
Is it misguided that I can recall the day you left my bed

G D G  
C  
And asked your mom and dad if maybe you could stay with them instead

G D G C  
But I will hold on with my open hands

G D G C  
But I will hold on with my open hands

Repeat the chord progression until end
